## **SUMMARY**

Motivated and tech-savvy fresher with a strong foundation in computer hardware, networking, and IoT technologies. Skilled in troubleshooting, system maintenance, and working with microcontroller-based projects such as Arduino. Currently pursuing B.A in Political Science and ITI in Computer Hardware & Networking. Passionate about continuous learning and building practical solutions.

## **SKILLS**

- Computer Hardware Troubleshooting
- Networking (LAN, Routers, WiFi, IoT)
- Operating Systems: Windows, Linux (Basic)
- Typing & Stenography
- Arduino & Microcontroller Projects
- Basic Programming Concepts

## **PROJECTS**

**Distance Detector Using Arduino UNO:** Designed and programmed a working distance-measurement device using ultrasonic sensors. Worked on IoT & mini-projects involving sensors, circuits, and automation.

## **EDUCATION**

**Indira Gandhi National Open University (IGNOU), 11/2025**  
Bachelor of Arts: Political Science

**Government ITI Anantnag, 11/2025**  
ITI: Computer Hardware & Networking

**Government ITI Anantnag**  
ITI: Stenography (Completed)

**Govt. Boys Model Higher Secondary School, Bijbehara**  
12th Class (Completed)

**NIELIT**  
Certificate: Computer Applications, Business Accounting & Multilingual DTP (Completed)

## **PERSONAL INFORMATION**

Hobbies: Surfing the internet, Learning new technologies, Working on DIY tech projects, Exploring IoT innovations.
